

**Contributors' Authorization to Publish**  
**SPRINGER SCIENCE+BUSINESS MEDIA, LLC**  
233 Spring Street, New York, NY 10013

---

Herewith

**Principal Author:**

**together with**

**All Other Author Names:**

(hereinafter called the "Contributor") authorizes Springer Science+Business Media, LLC. (hereinafter called the "Publisher") to publish the contribution tentatively entitled:

(hereinafter called the "Chapter") in conjunction with other chapters as part of a collective work provisionally entitled

**Book Title:** Wirelessly powered sensor networks and computational RFID  
to be edited by

**Editor Name(s):** Joshua R. Smith

(hereinafter called the "Work").

## **1. Rights Granted**

The Contributor irrevocably grants and assigns to the Publisher any and all rights the Contributor may have, or may at any time be found to have, in and to the Chapter, including, but not limited to, the sole right to print, publish, and sell the Chapter throughout the world, and including all rights in and to all revisions or versions in all languages and media throughout the world, and including copyright in the Chapter throughout the world. The parties acknowledge that there may be no basis for a claim to copyright with respect to a contribution prepared by an officer or employee of the United States Government as part of that person's official duties.

## 2. Copyrighted Material

If the Chapter contains any material protected by the copyright of another, the Contributor will deliver to the Publisher written permission from the copyright owner to reproduce such material in the work. The Contributor will be responsible for any costs that may be associated with obtaining such permission.

## 3. Warranties extended

The Contributor represents and warrants that the Contributor is the author and proprietor of the Chapter, that the Contributor has not granted or assigned any rights in the Chapter to any other person or entity, that the Chapter is copyrightable, that it does not infringe upon any copyright, trademark, or patent, that it does not invade the right of privacy or publicity of any person or entity, that it does not contain any libelous matter, that all statements asserted as facts are true or are based upon reasonable research for accuracy and that, to the best of the Contributor's knowledge, no formula, procedure or prescription contained in the Chapter would cause injury if used or followed in accordance with the instructions or warnings contained in the Chapter. The Contributor will indemnify the Publisher against any costs, expenses, or damages the Publisher may incur or for which the Publisher may become liable as a result of any breach of these warranties. These representations and warranties may be extended to third parties by the publisher

Signed on behalf of all contributors
